Win-E-Mac Decision Tree

Notes:
- Masks are required on the bus
- Parents can request a Covid-19 test from the school
- Distance learning is only available to students sent home to quarantine or isolate
- If a person with ONE or NONE of the less common symptoms chooses to test, they will not be sent home to quarantine while waiting for results. They will be strongly encouraged to mask during the waiting period.

Symptoms are:
- Most common:
  - New loss of taste or smell
  - Temperature of 100°F or more
  - New cough or worsening cough
  - Difficulty breathing
- Less Common:
  - Chills
  - Muscle Pain
  - Sore throat
  - Nausea
  - Vomiting
  - Diarrhea
  - Extreme Fatigue
  - Severe Headache
  - Nasal congestion
    - Stuffy or runny nose

Test Positive for Covid-19

Stay home

Return to school:
- 10 days after:
  - Start of symptoms or
  - Date of positive test if asymptomatic
- OR 5 days after followed by 5 days of fully masking after:
  - Start of symptoms or
  - Date of positive test if asymptomatic
  - AND
  - Fever free for at least 24 hours without fever reducing medicines
  - Symptoms have improved

Follow close contact guidelines (see below)

Loss of taste or smell:

Student is sent home until:
- Unvaccinated
- Siblings sent home

Unvaccinated Siblings sent home

Student is sent home until:
- 10 days after start of symptoms
- Negative Covid-19 test

Unvaccinated siblings of student with symptoms:

Student is sent home until:
- 36 hours after symptoms improve
- Doctor's note stating a specific medical diagnosis

Unvaccinated: Quarantine

Close Contact In The Household:
- Less than 6 feet from positive case for 15 min or more through a 24-hour period
- Vaccinated with no symptoms:
  - Stay in school
  - Encouraged to test 3 to 5 days after exposure and wear a mask until negative test result

Return to normal:
- 10 days after exposure with no symptoms
- OR
- 5 days after exposure with no symptoms followed by 5 days of fully masking

If symptoms develop:
- Return to school:
  - 10 days after start of symptoms
  - OR
  - 5 days after start of symptoms followed by 5 days of fully masking
  - OR
  - Alternative Medical diagnosis and finish original quarantine period
  - OR
  - Negative Covid-19 test

Return to normal: Negative Covid-19 test (can test 5 days from exposure)
- Can return after 5 days after exposure
