

# Early Childhood Education

Early childhood education is important for the young child. Preschool programs, such as School Readiness or Head Start, build a strong foundation for the child's physical, mental, emotional, and social development and help children do better in school. Preschool programs also improve social skills, lengthen attention spans, and create an enthusiasm for lifelong learning. Studies show children who receive early childhood education are more likely to graduate high school and attend college.

In your area, the following early childhood education program options are available:

## Win-E-Mac School Readiness

School Readiness is a preschool program run by the local school district. Win-E-Mac offers:

- 2 full days of class each week and every other Friday for 4 year olds

For more information or to register:  
CALL 218-689-0605, go to  
<https://wemschools.org/schools/elem> or  
email Miss Heather at  
[hearsl@wemschools.org](mailto:hearsl@wemschools.org)

## Inter-County Community Council Head Start

Head Start is a comprehensive program for qualifying families with children ages 0-5 years old. ICCC has several program options in your area including:

- 2 full days of class each week and every other Friday for 4 year olds, plus 1 home visit each month.
- Weekly home visits for children ages 0-5
- Family events to socialize and learn with other families with young children

ICCC works in partnership with our local school districts to provide combined services when possible.

To apply CALL 888-778-4008 option 5 or visit us at

<https://intercountycc.org/services/head-start/>

**Early childhood is important. Find the best program for your family today!**
