How To Register For Community Education Classes

- Please call the school at 563-2900 or 687-2236 and ask for Erin to sign up for any Community Education Class that you would like to attend.
- If you need additional information on any class, please ask to be transferred to Mr. McKeever the Community Education Director.
- Why the need to preregister? Too often class size dictates whether or not the class will be offered. As time gets closer to the time the class is offered, decisions need to be made as to whether or not the class will be offered. Many times classes are cancelled due to small enrollments for the class. Thus the importance of preregistering so we know well in advance that the class will remain offered.

I would like to see certain classes offered?

- Please call Mr. McKeever at the school at 563-2900 or 687-2236 to tell him about a class you would like to see offered and would like to see in the offering list of the next Community Education Brochure.
